Texon limited is a custom software development company that we are working for empowering entrepreneurs ideas to business with Gen-Z technology.

We will provide various Software like - Website Design & Development, Mobile app, eCommerce ecosystem ,UI/UX design, Inventory Management system, ERP & HR Management system and more.

As well as we served Ai & IoT based many kind of hardware services (Automation, Robotics, Car Tracking, Research Project etc.) for your company.

# OUR SERVICES

## App Development

Android & ios application Development

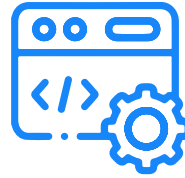

## Hardware Solution

Automation, IoT, Robotics, AI Projects

## Software diagnosis & Consultancy

Web & Mobile App, Management Software diagnosis.

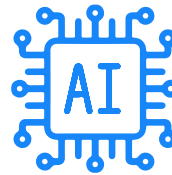

## Web Development

Web Application, Customize CMS, Server Administrator, E-commerce

## Management Software

ERP Software, Accounting, Education Management, Real Estate Management Software

## AI & Machine Learning

NLP base automation, Image Processing, Security System, AR & VR Services.

# OUR PRODUCTS

e-Commerce

ERP

Edtech

CRM

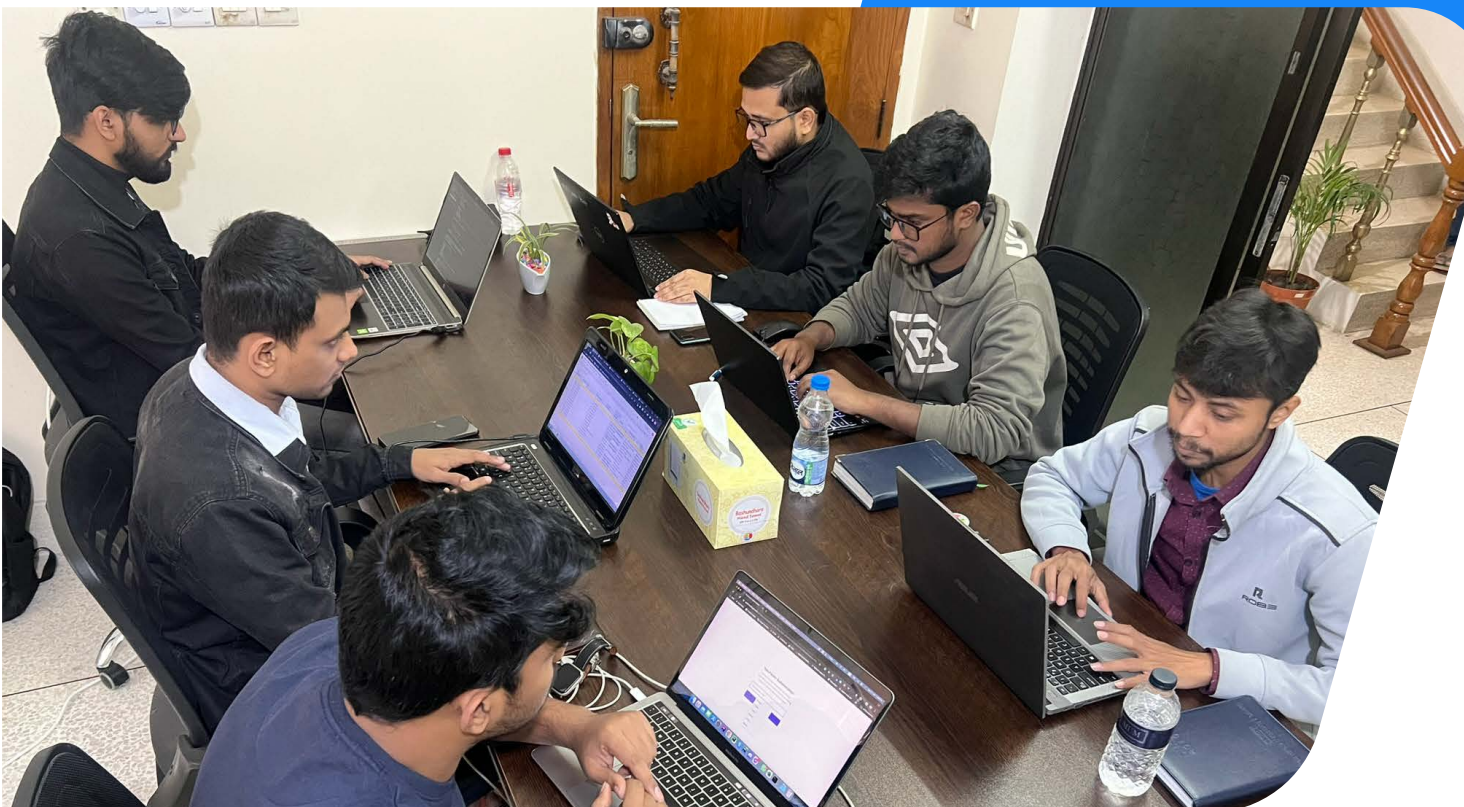

HRM

Property Management  
Software

Management  
Software

QuickStock  
Inventory

Accounting  
Software

# TECHNICAL COMPETENCE AREA

## Development Field

Android, iOS, Desktop and Web  
App, AI & Machine Learning

## Language

HTML, CSS, PHP, Python, Dart,  
JavaScript, Java, C#, XML, PDDL

## Frameworks

Vue, Angular, React, Next, jQuery,  
SCSS, Stayls, Flutter, React Native  
, Express, django, laravel, lumen,  
Code Igniter, Symfony, Tensor-  
Flow, Pytorch.

## Database

MySQL, Mongo, PostgreSQL, SQLite

## Web Server

DevOps, Docker Deployment, Cloud  
Linux Pipeline

## UI/UX Design

Figma, Wireframe.cc, adobe XD,  
Draw.io, Sketch

# MISSION

At Texon Limited, our mission is to deliver bespoke software solutions that surpass client expectations and propel their success in the dynamic digital landscape. We are dedicated to leveraging the latest technologies, fostering a culture of continuous learning and innovation, and building enduring partnerships.

# VISSION

UI/UX Designer

**Expertise:** Entrepreneurship, Leadership, Project Management, Full-Stack Development, System Administration, Web Development, WordPress, WooCommerce, PMS Expert, BMS Expert, Mikrotik, Networking.

**Industry Experience:** A seasoned entrepreneur and programmer with extensive experience in leading successful startups and tech companies. Bringing innovative solutions to the market.

**Projects I have worked:** Softmax online School app, RelazBazar (a online bazar app), Btrip (travel agency.)

**Rafiul Shan**  
Software Quality Assurance

**Programming Expertise:** Java, Python 3.

**Website Design & Development:** HTML5, CSS3 and WordPress and Shopify for ecommerce website.

**Technologies:** Postman, JMeter, Selenium web driver, CI/CD pipeline.

**Industry Impact:** Customize responsive and dynamic websites. Dedicated to work on both manual and automation testing. And can automate ecommerce website with proper test cases using Java programming language.

# MEET THE TEXON AUTOMATION TEAM

**Md. Rajaul Karim**

Robot Architecture  
&  
System Analyzer

**Robotics Scholar:** Published 4+ research papers, contributing to the forefront of robotics knowledge.

**Multifaceted Expertise:** Proficient in ML, AI, IoT, Python, and App Development, showcasing versatility in cutting-edge technologies.

**Innovative Projects:** Leads groundbreaking projects like humanoid and firefighter robots, exemplifying expertise in AI and ML applications.

**Global Recognition:** Victorious in international robotics competitions at IIT Bombay India, DUET, BUET, RUET, NSU, IUB, BracU, leaving an indelible mark in the field..

**Abu Sayed Sunny**

Robotics Engineer

**Robotics Skills:** ROS, OpenCV, Electronics Modules, Actuators, Sensors, Control Systems, Mechanical Scratch Design.

**Software Skills:** C++, Python, PHP, Django, Flask, Laravel, WordPress, MySQL, SQLite.

**Projects:** IoT for Rape Prevention, Smart Farming Robot for Precision Agriculture, IoT-Based Smart Vehicle Security System, Spy Surveillance Robot using ESP AP Network, Food Delivery Robot with LPS Technology.

# WHAT CLIENT SAYS

**Sulayman  
Mohammad**

MANAGING DIRECTOR,  
BIRAJMAN FOUNDATION.

Texon Limited has many clients across the country and they are already working globally. I must say that Texon limited has a strong management and qualified resource. They developed a desktop POS software for our fashion brand bworldy fashion. We are still using the system very well

**Humayun  
Kabir Raju**

CEO at Unipolar  
Automation

We were looking for a software development partner that could bring our vision to business, and Texon Limited exceeded our expectations. Their team was able to take our ideas and turn them into a functional and user-friendly software solution. We would definitely work with Texon again in the future.

**Mehedi  
Shamim**

Head of Brand, Marketing,  
and Strategy  
at Apex Property

The Texon Limited team did an excellent job delivering a custom software solution that fit our specific needs. Their technical expertise and attention to detail made the project a success. We were impressed with their ability to deliver the project on time and within budget.

Empowering  
Entrepreneurs  
Through  
Technology
